

GIBBONS BACK HOME.

Cordial Welcome Given the Cardinal by Men Prominent in Church.

Of New Pontiff He Spoke in Highest Terms—Choice Was a Happy One—No Radical Change in Church Administration Will Ensnue.

New York, Sept. 22.—Cardinal Gibbons arrived here today on the Kaiser Wilhelm Der Grosse.

A delegation of priests and laymen from Baltimore, went down the bay on a revenue cutter to greet him and welcome him home. Heading the delegation were Rev. Dr. D. J. Stafford, of Washington and Rev. B. Singleton, of Baltimore, and R. B. Tibbitts, of Baltimore, supreme president of the Catholic Benevolent Legion. It was usually arranged that Cardinal Gibbons would go directly from the pier to Baltimore.

The plans were modified, however, on account of the annual convention of Odd Fellows now in progress in Baltimore. The cardinal will remain in this city, a guest at the home of Mrs. Kelly of Brooklyn, until Friday, when he will accompany the delegation to Baltimore.

When the welcoming party boarded the Kaiser Wilhelm off quarantine, Fr. Tibbitts made an address of welcome to which the cardinal briefly responded. Another reception awaited the cardinal when he went ashore at Hoboken. The pier was crowded with ecclesiastical friends from this city. From the pier Cardinal Gibbons and his party went to the Passionist monastery at Hoboken. This afternoon he will go to Brooklyn.

The cardinal had a pleasant voyage and he said the ocean trip had regenerated his strength which had

been greatly taxed by the severe spell of fever he suffered, due to the intense heat in Rome during the progress of the conclave.

Of the new pontiff the cardinal spoke in terms of greatest enthusiasm. He said that the choice of the conclave had been most happy from an American view point, as Pius X. was deeply interested in the development of the church in the United States, and was singularly familiar with American institutions. The cardinal had several lengthy interviews with the pope regarding church affairs in this country.

The cardinal was not inclined to discuss the probable policy of new papal regime, but said that no radical changes in American church administration would ensue.

He said that one of the first steps taken by Pius X. was to instruct his acting secretary of state, Monsignor Merry Del Val, to provide for an extensive exhibit of the Vatican treasures at the St. Louis exposition. He said the exhibit would probably comprise some of the magnificent jubilee gifts of the late pontiff and a number of rare historical manuscripts and maps from the Vatican library relating to the early settlement and mission work in the Louisiana purchase territory, most of which was penetrated by Catholic missionaries within a quarter of a century of the discovery of the continent.

HEAVY FOG HID THEIR DOOM.

Delaware N. Y., Sept. 22.—Four seen on men on the Delaware, Lackawanna and Western railroad were killed today near Mount Morris, by being

struck by a west bound train from New York to Buffalo. They were on a hand car and owing to a heavy fog, were unable to see the approaching train.

TOOK PLUNGE INTO A RIVER.

Daily Automobile Accident Comes Up, This Time From California.

San Jose, Cal., Sept. 22.—An automobile containing six persons, plunged over an embankment and fifteen feet low to the bed of the Guadalupe river late last night, injuring all of the occupants, one of them, Mrs. DeSaisset, probably fatally. The party consisted of Mr. and Mrs. Pietro DeSaisset, Mr. and Mrs. Peter E. Col and

their son, Lewis Col, and the chauffeur, William Carliss. Mrs. DeSaisset's chief injuries are internal. Mr. Col's left arm was broken and Mrs. Col suffered a fracture of her collar bone. The hurts of the others consist of bruises.

DeSaisset is a well known capitalist. Col is a prominent wholesale grocer.

KNEEL AND PRAY FOR A DYING MAN.

Dramatic Scene Enacted in Chicago Railway Yards in Which a Priest Was Commanding Figure. Police Investigating a Death.

Chicago, Sept. 22.—"Kneel and pray the soul of a dying man." At this command from the lips of Father John, of St. Gabriel's Roman Catholic church, 250 persons of many races and many ages, fell on their knees in the net work of railroad tracks at Forty-fifth street and Stewards avenue, last night, and prayed for a man, Shaughnessy, over whose head the priest was bending. He had been spoken, the police believe that he would have told a story

of murderous attack. Boys of the neighborhood declare that Shaughnessy and a trainman were scuffling by the side of a freight train a moment before the coroner's inquest, and no one for the former went under the wheels. A dispute over the blockade of the crossing by the train was the cause of the seeming quarrel, the police believe. The entire crew of the train has been summoned to appear at the coroner's inquest over Shaughnessy's remains.

ADDITIONAL COMPLAINTS

Filed Against Beavers, and His Counsel Notified to Produce Him.

New York, Sept. 22.—Counsel for George W. Beavers were informed at the conclusion of an adjourned hearing today in the Beavers' case, that Mr. Beavers must be produced before Commissioner Hitchcock immediately to answer to two additional complaints received against him, upon the two indictments recently returned against Beavers in Washington for an alleged conspiracy to defraud the government in connection with State Senator Geo. E. Green and the Bundy-Time Lock Company, of Binghamton, N. Y. It was also made known that other surety than J. R. Brown, who is now Mr. Beavers' bondsman on \$5,000 bonds must be produced, the practice of the district attorney's office being not to accept the same surety on more than two bonds.

An adjournment until Friday was granted to give the defense time to prepare papers and bring contempt proceedings before United States District Judge Holt, against District Attorney Youngs and his stenographer of Brooklyn, and Postoffice Inspector Lytle, for failure to answer to subpoenas made out by Commissioner Hitchcock.

FISHING TUG TURNED TAIL

To Canadian Patrol Boat, Which Seemingly Was Bent on a Capture.

Erie, Pa., Sept. 22.—The fishing tug Silver Spray, which had an exciting brush August 12 with the Canadian patrol boat Petrel has again narrowly escaped capture.

According to Capt. Schau, he was out looking for lost nets and might have been in Canadian waters. The Silver Spray's lookout was surprised at seeing the Petrel loom up in the fog and veer in towards the shore. Capt. Schau immediately ordered his engineer to give the tug a full head of steam and after a brief chase the Silver Spray escaped.

REACHED AGREEMENT.

Buffalo, Sept. 22.—It was announced today that as the result of an agreement reached by Erick Bros., live stock dealers with some of their creditors, the firm's business for the time will be carried on by S. Hughes Waltz and Benstaedt.

LARRY TAKEN IN ON CHARGE

Of Having Swindled Pittsburger Out of \$23,000 in a Mining Deal.

New York, Sept. 22.—Lawrence Sommerfeld, known as "Larry" to the police, was arraigned here today on a charge of swindling Geo. A. McLean, of Pittsburg, out of \$23,000 in a mining stock transaction. The arrest was made at the request of the police of Philadelphia, where the swindle is alleged to have taken place. The police were also asked to hold two other men for whom they are now looking.

SOME COTTON FIGURES.

Washington, D. C., Sept. 22.—A census report on the quantity of cotton gins in the United States from the growth of 1903, up to and including August 31, gives the following figures: Total commercial bales 17,587, including 16,991 square bales; 570 round bales of upland crop and 26 bales of sea island crop. The total gins in operation number 2,176.

PIONEER MAYOR OF CHICAGO HAS YIELDED.

Chicago, Sept. 22.—Hon. Alson Smith Sherman, who was chosen mayor of Chicago in the eighth year of his corporation existence, died at his home in Waukegan today, at the age of 94 years. Mr. Sherman came to Chicago from Barre, Vt., his birth place, in 1835, and at once took an active part in public affairs.

BURGAS IS MECCA FOR THE REFUGEES.

Sofia, Bulgaria, Sept. 22.—Ten thousand refugees from the district of Loussgrad, arrived at Burgas, during the last three days, according to official advices.

MAN JUMPED OVERBOARD.

Cleveland, O., Sept. 22.—While the passenger steamer City of the Straits was en route from Cleveland to Detroit late last night, a well dressed man about 47 years of age, jumped overboard and was drowned. The

suicide took place as the boat was opposite Point Au Pelee. A passenger who noticed the man's intention, caught hold of his coat, but the man broke away and jumped over the rail.

PUT OFF UNTIL THE 25TH OF SEPTEMBER.

Binghamton, N. Y., Sept. 22.—The case of United States against George Green, charged with conspiracy and bribery growing out of the postal investigation was today adjourned until Sept. 25th by U. S. commissioner Hall. The adjournment was taken at the

request of District Attorney Curtis, who says that an application will be made to Judge Ray to decide if a further examination here was necessary.

The commissioner denied a motion of the prisoner's counsel that the charges be dismissed on the grounds that the indictments upon which the charges are based do not recite sufficient facts to constitute a crime.

SENTRIES FIRED TWENTY SHOTS.

Victor, Colo., Sept. 22.—The troops in camp Goldfield were called to arms late last night. It was reported from military headquarters that unknown

persons had attempted to break through the guard lines at Bull Hill. Twenty shots were fired by the sentries, but it is not known whether any of them took effect.

TALK OF INVASION.

War Clouds Hover Over Nicaragua Because of Concessions to Americans

Unless an Amicable Settlement of the Boundary Dispute Is Effected There Is Strong Probability That There Will Be Some Stiff Fighting.

New Orleans, La., Sept. 22.—Advices of the expected invasion of the Nicaraguan republic by soldiers from Spanish Honduras, to enforce the concession to a Pittsburg syndicate, granted rights on territory which belonged to Honduras, reached this city via the American steamship Breakwater, from Puerto Cortez.

Last month a commission headed by General Ordonez, was sent by President Bonilla, of Spanish Honduras, to Cape Gracias to notify the collector of the port there that if the Nicaraguan republic did not recognize certain rights claimed by Honduras along the Wanks river, separating Honduras

and Nicaragua, that war would be proclaimed by President Bonilla. The custom officials and military authorities at Cape Gracias lacked the authority to act in accordance with Honduras' request, so General Ordonez and his colleagues returned to Tegucigalpa, warning the Nicaraguans to be on the lookout for an invasion provided the Honduran rights were not respected. President Zelaya on being notified immediately garrisoned Cape Gracias.

Unless an amicable settlement of the boundary dispute is effected there is a strong probability that war will be declared.

POLICE HAVE STRANGE CASE.

Handsome and Respected Young Lady Found With Body Cut in Two.

Cleveland, O., Sept. 22.—The badly mutilated body of Miss Olive Rayl, 22 years of age, was found early today lying across the Lake Shore railway track at the entrance of Gordon park. It was at first supposed that Miss Rayl had been killed by a train, but later the police stated that an investigation developed that the girl had been murdered, and that the body was placed on the track, where a train had cut it in two. Miss Rayl lived with her brother, Dr. W. L. Rayl, in Glenville, a suburb. She was handsome and highly respected. Thus far the case is enshrouded in mystery.

In the roadway near where the body was found, the police discovered the fresh tracks of a rubber tired buggy, and also the foot prints of some persons, one being that of a woman, and the other the imprint of a man's shoe in the bushes, a short distance from where the girl's body lay, was found a man's handkerchief. It was soaked with blood, and bore the initials "J. D." The throat of the dead girl was discolored as though she had been choked. Her body had been most terribly mangled by a train. The body was cut completely in two across the chest, while the limbs were broken and crushed. When the body was examined at the morgue, a cut in the head, which it is thought could not have been inflicted by the car, was found. Dr. Rayl, the young woman's

brother, expressed the belief that she had been murdered and the body placed on the track in order to hide the crime.

Dr. Perkins of Lake Side Hospital, who performed the autopsy this afternoon stated that there was no evidence of criminal assault found on the body. He added that he was not prepared to say whether or not the girl had been murdered.

AUTHORITIES

Now Believe the Young Woman Committed Suicide.

Cleveland, O., Sept. 22.—Chief of Police Kohler, after personal investigation, states that he believes the girl had committed suicide while suffering from despondency by throwing herself in front of a moving train. He added that the blood stained handkerchief and the buggy tracks in the vicinity of where the body was found did not tend in his judgment to show that murder had been committed.

Half a dozen detectives have been detailed on the case.

IT LOOKS VERY DARK.

Stockholders Must Stand for Assessment or Lose Their Interests.

Underwriters Notify Officers of Consolidated Lake Superior Co., That They Will Sell Assets of Concern at Auction to Pay Loan Now Due.

Philadelphia, Sept. 22.—The stockholders protective committee of the consolidated Lake Superior Co., composed of E. C. Miller, W. W. Kurtz, Wm. Ritch Wister and Nicholas Brice, held a conference here today to decide upon a plan of procedure. A member of the committee said:

"If Speyer & Co., have decided to foreclose on the properties, it is by agreement with the management. A sale is a necessary part of the organization plan and only a sale will put the reorganizers in a position in which they can say to the stockholders: 'You must either pay an assessment or lose your interest.' E. C. Miller said: 'I think the influence of the company should be sufficient to offset any unfriendly attitude taken by any large rival steel interest. As to the receivership, I do not see what could be gained by our filing an application at this time.'"

UNDERWRITERS

Notify Officers That They Will Sell Assets of Company.

New York, Sept. 22.—Notice of the intention of the syndicate which underwrote the loan of \$50,000,000 to the Consolidated Lake Superior Co., to sell at auction the assets of the company, held by them as collateral for the loan was today sent by Speyer & Co., to the officers of the company. The details of the sale have not yet been made public. As far as the situation in New York is concerned, there was little change in the affairs of the company, today. Director Orvis, of the company, said today, a movement of some stockholders of the company was on foot to try in some way to save what they can of their investments in the stock of the company, but he gave no details.

NOTHING TO KEEP IT ALIVE.

Washington, D. C., Sept. 22.—The state department up to noon today had no new dispatches bearing upon the Panama canal situation, either from Minister Beaupre or through Mr. Her-

ran, the Colombian charge d'affaires here, and nothing is looked for during the day which will keep the treaty alive after midnight. There is no intimation in official circles here as to what will follow the rejection of the treaty.

PARKS PREDICTED EARLY DISRUPTION.

His Rule or Ruin Policy Depends Entirely on Report of Committee on Credentials Which Is Having a Long Hitch.

Kansas City, Mo., Sept. 22.—Samuel J. Parks early today predicted a split in the International Association of Bridge and Structural Iron Workers.

If the annual convention at today's session should refuse to recognize Union No. 2, of New York city, of which he is a member. The union had been expelled by President Buchanan, and up to late last night the credentials committee appointed yesterday had wrestled with the question of sustaining this action.

"I do not care what they do," said Mr. Parks. "I am going to win out in the end." If the convention sustains the committee we will walk out and go back to New York and continue our little local of 5,000 men just like we

did before there was any international union."

Before the convention opened President Buchanan intimated that his candidacy for re-election would depend upon the convention's action in the Park's case. If the delegates from the union suspended by the president are seated, he probably, it is stated, will not run.

A hitch had arisen in the committee on credentials over night, and when the time for the convention to convene had arrived, the committee was not ready to make its report. Nothing was made known of the committee's progress at 11:30, and no attempt had been made to call the convention to order.

OHIO STATE LIQUOR LEAGUE WAS GIVEN

Freedom of City But the Mayor Gave the Members a Few Hot Shots in His Address of Welcome.

East Liverpool, O., Sept. 22.—The 12th annual convention of the Ohio State Liquor League, convened here today, with about 150 delegates present. Mayor W. A. Weaver, the only prohibition mayor in Ohio, delivered the address of welcome to the delegates. Mr. Weaver said in part:

"I did not agree to make you an address, but officially to acknowledge your presence in our city. It would not be expected of me, I take it, to

speak to you at length upon the merits or demerits of your particular traffic. You well know that your business is only suffered to exist; that it has no foundation of inherent right, as you can prove by the action of the long list of municipalities that have shut you out by local option. You should follow the leadership of your best trade journals, which continually admonish you to elevate your standard and to obey the laws, if you are to continue."

REPORT HANDLED

Noted Colored Educator Without Gloves and Suggested He Be Relegated.

Presbytery Charges Him With Giving Exaggerated Importance to Industrial Education, and Subordinating Spiritual and Religious Influences.

New York Sept. 22.—Booker T. Washington and his methods have been criticised by the local Presbytery in its weekly meeting, says a despatch from Philadelphia. The question was brought up through the report of the Freedman's committee of which the Rev. J. Calvin Meade is chairman. The report gave credit to Washington's influence for the increase of interest in the board. It deplored the annual trait in the negro which is so prominent, and continued: "Yet it is to be questioned whether we should not balance the brutal assault on womanhood with the subtle power of seduction, in which the white man of social standing is an adept." It urged the churches to "rise above prejudice and devote all energies toward dealing with the negro problem," and deplored any mob violence.

MANY ROADS HAVE SIGNED.

On Them You Can Travel After Nov. 1, Without Character Certificate.

Chicago, Sept. 22.—It has been decided at a meeting of passenger traffic officials that the new 2,000 mile interchangeable mileage book will go into effect Nov. 1. The new book will be good on all trains and no question will be raised as to whether the person presenting it is the purchaser or not. It was announced officially that the following lines had entered the new bureau, and would accept the book on their trains. Chicago & Alton, Chicago & Northwestern, Chicago,

Emigration Back Toward Ireland Is Belief of Secretary of Irish League.

London, Sept. 22.—Interest has been evoked here by a letter from Secretary O'Callahan, of the Irish League of America to Mr. Condon, saying that since the passage of the Irish land act, many evicted tenants now residing in the United States, have been making anxious inquiry regarding the possibility of re-acquiring their former holdings. Mr. O'Callahan expressed the belief that should a large proportion of the inquirers be able to do so, it would go far toward solving the question of emigration and turn the tide back to Ireland.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

THE STAGE.

Mr. Richard Buhler, a clever actor not unknown to the play-going public will appear as the stellar feature in "Paul Revere" which comes to the Fauror opera house on Thursday night, Sept. 24. The play has been built around the incident of Longfellow's poem, "The Ride of Paul Revere." It is from the pen of Mr. Frederick Gibbs, and is an excellent example of the possibilities of the modern romantic drama. Mr. Buhler who possesses much personal magnetism and physical beauty appears to advantage in the title role and the production promises to be the most memorable one in local theatricals for this season. Mr. Henry B. Marks is directing the tour and has expended much upon elaborate scenic effects, chiefly notable for their historical correctness and artistic beauty.

PLEA WENT WRONG.

They had been married only a few months, and the wife stood by the side of her husband looking into one of the department store windows. A handsome tailor-made dress took her fancy, and she left her husband to examine it more closely. Then she went back to him, still talking.

"You never look at anything I want to look at any more," she complained. "You don't care how I dress. You don't care for me any more. Why, you haven't kissed me for two weeks."

"Indeed, I am sorry, but it is not my fault," said the man.

Turning, the lady looked at him and gasped. She had taken the arm of the wrong man.—Philadelphia Ledger.

TOUCHED WRONG SPOT.

When Canan Doyle was practicing medicine in the days previous to his literary success, he had little patience with hypochondriacs—with persons who imagined themselves ill when, really, there was nothing the matter with them.

Robert Barr tells of a man who visited Doyle one day with an imaginary ailment in his side. He described this ailment in great detail. Putting his hand above his hip, he said:

"I get a pain here, doctor, whenever I touch my head."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Irishman—"Did you pay for it?"

Landlord—"Of course I did."

LOTS Purchased by the Board

And the Plans

Adopted for the New Ward Buildings.

Special Meeting Held Last Night in the Interest of the Schools.

The Secretary's Financial Report Shows that the Board Has a Good Margin Yet to Work on.

A call was issued yesterday for a special meeting of the board of education to be held last night, for the purpose of disposing of the new ward buildings proposition and several other matters which were pressing. The members responding were, President Prophet, Mooney, Fredericks, Donahue, Metheny, Klatte, Terwilliger, Bates, Blattenberg, Fenwick and Miss Disman.

The board having consented to grant, with others who live along the thoroughfare, a franchise to the electric railway along Grand avenue, President Prophet and Miss Disman, the clerk both signed the petition in time for it to be presented to council.

Mr. Prophet stated that there had been a request made by a number of pupils in the high school for a change in the text book used for the study of Shakespeare, the one desired being by the same author and publisher, but a more advanced and larger edition. The board adopted the new book without dissent.

Mr. Klatte brought up the lot question, and explained that Mr. Boese, who had the disposal of those desired in Maplewood Place, had succeeded in having the owners accept the price offered less the interest. Mr. Mooney stated that four lots, directly across the street, could be purchased for less money, but the board concluded that they were not so desirable and purchased those originally bargained for.

Architect Chapin was present with the plans for the new four-room ward buildings and the members spent an hour or more in going over them in detail. Some changes had been suggested by the building and repairs committee, and with these made, the plans were adopted.

Complaint was made that the Highland block, used for the high school, was not kept warm enough, and Principal Stephens was directed to so notify the owners.

Miss Disman reported that a settlement had been made with the county auditor, and balance of \$19,000 is left in the treasury.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only cure for Coughs, Colds and all Lung diseases. Guaranteed by H. F. Vortkamp, corner Main and North streets, druggist. Price 50c and \$1.00. Trial bottles free.

THEY FOUND FOOT PRINTS.

Startling Revelations Expected by Authorities When Murderers of Millionaire Are Arrested.

New York, Sept. 22.—Despatches from the scene, in the Adirondacks, of the murder of Orlando P. Dexter, a New York millionaire, say that foot prints have been found all around the cottage, and about the point in the road where Dexter was shot from ambush as he drove along. Blood hounds are being utilized and arrests are expected soon. It is intimated that persons other than disgruntled poachers were concerned in the murder and that a sensation possibly may grow out of the affair.

HERE HE IS AGAIN!

Once more the Romoc man expounds the Theories of Health. This is What He Says:

SEE here, good people, I have only a few words to say in making my appearance again this year. If you need my advice, you probably need it badly, and it is simply this: start in with Romoc, the sooner the better, and fortify yourself against the ills that are bound to come during the next few months.

Remember that Romoc is the medicine made from a rock. There is nothing in this whole, wide world that I have ever found in my travels, or that any of you have ever seen or heard of, that will so effectually cure Rheumatism, Indigestion, Nervousness, and all Blood Troubles, and besides curing these ills, that will absolutely make you well of any of the many derangements that are a result of such affections.

I want to remind you of another fact relating to Romoc, and that is, Romoc is Nature's own remedy. It combines all the virtues found in every one of the great mineral springs of the world. There is not a single drop of alcohol in Romoc, nor are there any poisons or other deleterious substances, that you find the ingenuity of man adds to many so-called health-giving medicines to their detriment, and the danger of the people who use them.

Ask for ROMOC LAXATIVE TABLETS—SURE CURE FOR CONSTIPATION. We have investigated Romoc. EDGAR With Passed Away at His Home In Pine Street

ladwell Home Sadden- ed by Death.

ference Returned Rev. W. J. Hagerman to Grace Church.

ort Stories of the Doings in South Lima, Followed by a Few Per- sonal Mentions Gathered Here and There.

Death has entered the home of Mr. and Mrs. Wallace Smith, at 611 south street, and yesterday afternoon, at 10 o'clock, removed from their midst their son Edgar, aged 14 years, after an illness of one week. Funeral services were held at the residence at 3 o'clock this afternoon. Rev. Ackerman, the Union street Lutheran church, officiating. Interment at Woodlawn.

Death of Twins.
Yesterday the infant daughter of twins, of Mr. and Mrs. Andrew J. Gladwell, passed away, and last night another twin, a boy, died. Under the action of G. E. Blume a short service was held at the home on south street this afternoon, after which the remains will be taken to the ark Creek cemetery, about three miles north of Lima, for interment. Children will be buried in one lot.

Painful Accident.
Yesterday morning, while she and son were wringing clothes, Mrs. J. Davis, of 426 south Central ave., in some way or other, caught her foot in the clothes and tore a thumb off, making a very painful wound.

Little Prize Fighter.
Go on then, let Ernie Kraft alone. He has a right to think he is the biggest man in Lima. It's a boy. Came yesterday. Ernie says the little fellow looks like a prize fighter. Everybody happy and getting along well.

Getting Along Nicely.
Little Johnnie Boop, of Reece avenue who fell from a pony two weeks ago and splintered the bone in his left leg, from the knee down, an account of which was published in the Times Democrat, is improving nicely, and can get about with the aid of a couple of canes.

In Luck Again.
The congregation of Grace M. E. church are well pleased with the decision of the conference in returning to them, Rev. W. J. Hagerman, as their pastor for another term.

Card of Thanks.
Mr. and Mrs. Gladwell, of south Main street, are very grateful to the friends and neighbors who so kindly assisted during the illness and the death of their babies.

Brief Mention.
Miss Amy Stuckey, of south Union street, entertained Miss Emma Moffett, of Kenton, yesterday.

South Main street bridge is receiving a new coat of paint. It's black this time.

While wrestling last evening at the Fisher Bros. barber shop, Fred Fisher landed through a cigar case.

J. D. Hooper, of Columbus Grove, was a south side business caller yesterday, and also the guest of J. E. Mell, of east Vine street.

Mr. and Mrs. J. E. Miller, of east Holmes avenue, have returned from Putnam county, where they visited several days.

Mr. and Mrs. Charles Olinger, east Vine street, were called to Cleveland yesterday on account of the illness of Mrs. Olinger's mother.

for Bluffton, Ind., where he goes as a ganger for the Standard Oil Company. He has been employed at the Adgate pump station for a number of years.

Russell Davison, of south Pine street, is on the sick list.

OPERATION
Failed to Save the Life of the Young Patient.

David Gordon Morris, seven year old son of Mr. and Mrs. Ebbin Morris, of Venedocia, died in the city hospital at 6 o'clock this morning. The lad was brought here from Venedocia yesterday, and was operated on for appendicitis, but the operation did not save his young life.

The remains were taken to Venedocia this morning, leaving here over the P. Ft. W. & C., at 8:20 o'clock.

PEARLS. Their Selection and Stringing a Wonderful Work.

Very few people know that there is such a profession—or, rather, art—as that of "pearl-stringing," although the pearl-stringer has a most important part to play in the production of the beautiful necklaces, collarettes, and ropes of pearls which adorn the necks of the great beauties of the day, says the Globe-Democrat.

It is the task of the pearl-stringers to blend the colors, to graduate the sizes, and string the pearls in such a manner, as to insure their finally appearing to their best advantage. Only the keen eye of one used to the handling of some thousands of these precious gems annually can do this to perfection. It has often been remarked by dealers that their pearls have looked worth a much greater value through being correctly matched and graduated than when roughly picked up by an incompetent person. Pearls arrive from India and other parts of the world in small bunches, with silver ends. They are then handed to the stringer, who lays them out upon a long velvet-colored tray, furnished with grooves of various sizes and depths. The pearls are then put into the grooves, ready to be matched.

Presuming a rope has to be made of fairly fine stones, the first thing to be done is to pick out the largest and finest pearl and place it alone in one of the large grooves. This forms the center of the rope. Then the two next best pearls of equal color, size and shape are picked out and placed one on each side of the center pearl. Then the next two, and so on, until the two ends are reached, where all the oval and irregularly shaped pearls are placed. They are then temporarily threaded, and if no alteration is necessary, strung again, and the diamond clasp is attached.

The matching of each side of the rope is so correctly accomplished that on being put into the scales very few grains' difference, and often none whatever, will be found in the weight of the two sides.

Large pearls, as a rule, have very small holes drilled in them, the reason being probably on account of their great value, one grain sometimes making a difference of many sovereigns. On that account only very fine material can be used to thread them on, and considerable risk is run of

losing some of the stones. Happily, this seldom happens, as the pearl-stringer has a brilliant way of effectually preventing such mishaps by placing a neat little knot 'round each pearl so that should an accident occur, and the rope break, only one pearl can possibly fall to the ground.

There is other work associated with that of pearl-stringers, such as the drilling and polishing of the pearls, and the making of strung-pearl ornaments, that is to say, seed pearls strung on to ornaments of mother o' pearl of various designs, chiefly as sprays for the hair and brooches.

Drilling of pearls is done entirely by means of the hands, the little machine being worked with one hand while the pearl is held between the thumb and first finger of the other. It is very responsible and hard work, and takes many years of apprenticeship. A good driller is the man who can pick up a valuable pearl, pierce the center correctly and evenly, and at the same time expeditiously.

Should a driller have the misfortune to break a hardened steel drill in a pearl, it may take him a considerable time to remove it, and often at the risk of damaging or spoiling the precious stone; but this misfortune seldom happens.

The Ladies Auxiliary of Lima College will meet with Mrs. Michael, of 554 west Market street, tomorrow afternoon at 3 o'clock. Let every member be present.

THE WEATHER.

Washington, Sept. 22.—For Ohio:
Fair tonight, warmer in east and
south portions; Wednesday fair.

If Clarke ever gets Hanna into a
joint debate, which is doubtful, there
will be some startling climaxes for
the senator to contemplate.

Don't forget that a vote for a re-
publican legislator is an indirect vote
for the infamous ship subsidy bill
fostered by J. Pierpont Morgan and
mothered by Hanna.

The enormous crowd attending the
Johnson and Clarke meetings, are
prima facie evidence that there is less
than a year left for the Cox-Hanna
ship subsidy Hanna, and Check Book
Dick inflection on the people of Ohio.

The nomination of Horrick was
brought about unanimously because
he was a Hanna man, and because
the Foraker people were willing to
have the devil himself if necessary, in
order to escape the humiliation of
having to vote for Absalom Dick,
otherwise known as Major General
Charley.

With the Panama canal route treaty

expired by limitation, what is the
matter with the Miami and Erie, by
way of Delphos, Spencerville and
Keweenaw? Dick wants to build a ship
subsidy canal through eastern Ohio
from Lake Erie to the Ohio river, but
he'll be out of the running in a couple
of months, and then the western Ohio
route will stand a chance.

Hanna's recollection of the money it
cost him to secure an election to the
United States Senate, and some of the
devious and illegitimate channels
through which it went, and the possi-
bility that similar methods will have
to be resorted to, if he wishes to suc-
ceed himself, furnish good reason
why he refused Sale's offer to make
public a statement of all his expendi-
tures.

Delegate B. S. Rodey, of New Mexi-
co, has declined an invitation of Gen-
eral Charles Dick, chairman of the
Ohio republican committee, to take
the stump in Ohio and he sets forth
his reasons in a letter to General Dick
as follows:

"As a citizen of the United States
and a republican I am deeply concern-
ed for the success of the republican
party in Ohio in this campaign. I
must, though, call your attention to
the fact that the territories can take no
effective part in national affairs. They
have no vote in either house of con-
gress.

"There is one statement in the Ohio
platform sent me which I cannot con-
sistently subscribe to. That is the
statement that Senator Hanna's re-
election is a distinct national demand.
Ever since Senator Hanna came into
national prominence I have been a
strong admirer of him, but was so
shocked by his action on the floor of
the United States senate January 20
last, repudiating the promises of the
republican party to the territories,
that I cannot conscientiously take
part in the campaign to re-elect him."

JOSHUA AND ABSALOM.

The republican party must either
cease sneering about long-haired
cranks or relegate to the rear, Hon.
Major General Dick, the young man
Absalom, whose strength lies in his
beauty, and whose beauty lies in his
way hair so long a stranger to
scissors. By the way, Charley can-
not hope to be re-nominated again for
congress in the safely republican
nineteenth unless Joshua Hanna again
uses the federal patronage to force
things.

A district that has been represented
by such men as Elijah Whittlesey,
Joshua R. Gidwings, James A. Gar-
field and Ezra B. Taylor, would natu-
rally object to a man like little Charley,
whose only recommendation is his
hair and the fact that, like Rathbone,
he knows things about Hanna. If
Joshua fails, of course, the same is
over for Absalom.

Another potent reason why the
next legislature ought to be demo-
cratic.

COX AND HANNA.

It was the Cox-Hanna alliance that
gave Mark Hanna's friends control of
the taxing machinery of Cuyahoga
county, and legislated out of office the
City Board of Equalization for at-
tempting to make Hanna's street rail-
way and kindred interests pay their
just share of taxes. It was the Cox-
Hanna alliance which passed the code
bill, whereby the interests of every
city in Ohio were sacrificed in the at-
tempt to bolster Cox in Cincinnati
and hamper Johnson in Cleveland.

It was the Cox-Hanna alliance that
passed the infamous curative act
whereby the Cincinnati Street Rail-
way Co. received direct from the legis-
lature without action of the council
or people of Cincinnati, a 44 years'
franchise to the public streets.

It was the Cox-Hanna alliance
which would have done the same
thing to Cleveland if it dared, and
which, if Hanna is landed safe again
in the senate, will again attempt to
carry out.

It was the Cox-Hanna alliance that
elevated to the attorney general's of-
fice the man Sheets, who brought dis-
grace upon that high position by no-
toriously and continually using it for
the benefit of his owner's private in-
terests.

It was the Cox-Hanna alliance that
renominated for a third term the pre-
sent state auditor, who has made a re-
cord as the steadfast friend of every
public service corporation that seeks
to evade just taxation.

It is the Cox-Hanna alliance that
controls the G. O. P. today, and will
control the state of Ohio if enough
republican voters can be induced to
stand pat and sacrifice their good
common sense for so-called "party
loyalty."

HAS HANNA REFORMED.

The Cleveland Leader, the once fa-
mous exponent of pure morality and
high-toned politics, has actually be-
come the organ of Senator Hanna.
Some of the people of Cleveland re-
member when the Leader abused and
denounced this same Hanna.

It was in those days when Hanna

in franchise grabbing and the elec-
tion of city councilmen and taxing
boards, who would serve his private
business purposes. Then the Leader
denounced him and pointed out his
errors.

Since Hanna became a national
character, the Leader looks at him
and sees a different man. A states-
man stands in the place of the fran-
chise-grabbing politician.

So the question becomes relevant,
"Has Mr. Hanna changed?"

We think not.
It is notorious that franchise-pass-
ing councilmen in Cleveland are in
these latter days, paid with federal
jobs instead of something else. Hanna
controls federal patronage. The tax-
ing machinery of the senator's home
town is placed in the hands of a
board appointed by state officers, and
the tax put upon the senator's street
railway company is ridiculously re-
duced, the spirit of home rule thro-
ttled, and Cleveland governed from Co-
lumbus.

All this is because Hanna controls
a legislature, a corporation serving
state auditor and a contemptible at-
torney general.

Yet the Cleveland Leader calls up-
on good citizens to continue to ele-
vate this man it once denounced. We
presume at the end of Senator For-
aker's present term, if Cox and Han-
na continue on as now, the highly
moral Leader will demand the eleva-
tion of Cox to act as Hanna's col-
league. We think the Leader has
changed and not the senator. He is
infinitely more dangerous with his
state and federal patronage than when
a mere local politician.

RELIABLE VOTERS.

Hanna being unable to tie up Tom
Johnson in Cleveland through the
votes of the people, has had a more
lucky recourse to the courts, having
secured in all fifteen different injunc-
tions against the city, some to prevent
it from compelling the street rail-
ways, gas companies and other fran-
chises from paying their just share of
taxes, and some to prevent the city
from enforcing its ordinances to re-
duce fares on the electric roads.
Which goes to show that subservient
courts are more reliable than the
party voters, who can sometime see
the right and do it. It is a coinci-
dence also that at each election suc-
ceeding the issuance of a set of Han-
na injunctions the democratic plura-
lity of Cleveland grows bigger than be-
fore.—Lebanon Patriot.

MARKETS.

New York, Sept. 22.—Opening
prices sagged on light transactions.
The gain of quarter in Atchison was
the only exception among stocks of
the first class. A decline of 1/2 in
New York Central was due to the re-

fell 1/2.

The recent pressure upon United
States steel was relaxed, and upon
the assumption that the liquidation
was over traders, put up that stock
5-8 over last night. Gains in some of
the other leaders reached a large
fraction and the list generally rose
slightly above last night. Among the
specialties there were losses of 1 to
2 in Railway Steel Springs preferred,

A NEW CHURCH
TO BE ERECTED.

Location Selected on the Corner of
Elm and West Streets.

Another new church is soon to be
erected in Lima, and the location will
be on the northwest corner of West
and Elm streets. The above cut is an
assurance that it will be a monument
to the city, and a large portion of the
amount needed for its construction
has been secured through the pastor,
Rev. Geo. B. Garner, who was assisted

in his canvass by Rev. Wm. Reilly, of
Detroit. The church is an active one
in the city, and has a large member-
ship, all of whom will be happy when
they get into their elegant new home.
Many of the worshippers live some dis-
tance from Lima, and when the new
church is dedicated, the congregation
will be largely increased.

AN ADDRESS
OF WELCOME

Was Delivered by Governor on Pater-
nalism, and the Farmer's Duties.

Niagara Falls, Sept. 22.—The Farm-
ers National Congress assembled here
today in 23rd annual session, being
called to order by President George
L. Flanders of Albany. Governor
Odell delivered an address of welcome
in which he said:

"The recognition which has been
given by the national and state gov-
ernments to the farming interests of
our country might at first glance ap-
pear to be in the direction of paternalism,
yet it is as important in its effect
as any legislation which can be enacted
for the people as a whole. It is as
much the duty of the government to
aid in the development of the soil of
the country as it is to protect us
against unjust discrimination or un-
fair competition at home or abroad; to
aid in promoting the material welfare
of its citizens, as it is to stamp out
disease or epidemic which may threat-
en individuals. This encouragement
which the government extends does
not lead to a dependent spirit, but
rather makes our citizenship more
self-reliant, and more patriotic."

Discussing the qualities that go to
make good citizens, Governor Odell
summed up the subject as follows:

"A good citizen is a product of the

greatest value to the country. His
culture and development is as neces-
sary as the cultivation of our fertile
fields and valleys. The vicious, un-
educated, is the center around which
revolves those whose ideas are an-
tagonistic to civil, religious and indi-
vidual rights. One of the first duties
of our country is to fight ceaselessly
and energetically against all classes
who defile, and whose principles are
a menace to society.

We find such people all over the
country. The farmer, the mechanic,
and the professional man is respon-
sible for such conditions, when they
exist, if they have made no effort to
place within the reach of all these
penury-stricken people, these dwarfed
intellectualities that which is the
basis and foundation of contentment;
that is decent homes, fair remunera-
tion, and hours of toil, that will per-
mit of social and intellectual enjoy-
ment."

Governor Odell entered a plea in
behalf of politicians and public officers
whose efforts are directed to the peo-
ple's good, and protested against
carping criticism and the assumption
that because a man is a politician he
is necessarily dishonest.

The statute of limitations is a bar to
any indictment or prosecution for the
commission of each and all of the acts
charged.

The argument in the demurrer, will
be held before Justice Sewell next
Monday.

JURY VIEWED
THE PREMISES.

Examination of Many Witnesses
in Reichlin Case Started
This Afternoon.

Elyria, O., Sept. 22.—The Reichlin
murder case was taken up by the
grand jury today, and the hearing
promises to be a lengthy one. Some
seventy or more witnesses have been
subpoenaed, and the authorities de-
clare that no effort or expenses will
be spared to run down Agatha Reich-
lin's murderer. The jury was es-
corted this morning to the scene of
the crime at Lorain, and the Reichlin
house was carefully gone over in or-
der to give the jurors an opportunity
to get a clear idea of the position of
the rooms. The examination of wit-
nesses commenced this afternoon.

FRESH INDICATION
OF AMBITION ABROAD.

Berlin, Sept. 22.—The mission of
Mr. Skinnif, the United States con-
sul general at Marseilles, to King
Menelik, of Abyssinia, is the subject
of lively comment here. Not one of
the newspapers professes to under-
stand what it means, but most of
them aver that it is "a fresh indica-
tion of the United States ambition
abroad."

Several papers, while animadvert-
ing to the "imperialistic mood"
of the United States, regards it as natu-
ral that she should reach out for new
spheres of influence.

HEART FAILURE.

Washington, D. C., Sept. 22.—Infor-

suddenly of heart failure at Deer
River, Minn., while camping out with
her husband.

Over Grand Avenue Franchise Is Terminated.

Ordinance Passed by City Council.

Railway Company Will Pay for Improvement of the Street.

Agreement With School Board and Property Owners Made in Writing—An Automobile Ordinance.

The city council met last night in regular session with President Newson in charge of the gavel, and members Smith, Hullinger, Napier, Krauss, Fletcher, Rudy and Bowser present. Minutes of last meeting were read and approved.

Petition to regulate and limit the speed of automobiles and motorcycles and to require the use of fenders on automobiles, signed by Messrs F. L. Bates and Frank Klatte, as a committee of the Board of Education, was read.

Mr. Rudy did not object to the speed limit proposition—said the owners of automobiles wanted it—but he thought the fender proposition was the creation of some Lima parties who had an interest in the manufacture, patent right and sale of a fender. Dr. Bates, who was present stated that the members of the Board of Education had no interest in any fender or patent right, and would not insist upon the fender proposition, but merely wanted the children of the city protected from the reckless running of automobiles.

The chair stated that a speed limit ordinance was on the table for reading during the session, and on motion, the communication from the Board of Education was received and filed. Petition of four Grand avenue property owners—J. Herbst, John McClellan, Nancy A. McClellan and M. McClellan—to have their names withdrawn from the petition for the extension of the street railway franchise over that street, unless it be provided that the street be paved at the time of laying the tracks, was read and was discussed at some length, and was then deferred temporarily without any action being taken.

Messrs. Rudy, Sapler and Krauss, constituting the franchise committee, recommended that the franchise be extended over Grand avenue be not granted, as petitioned for, unless the street be paved at once, and the street railway company be required to pay the entire cost of paving in front of the Grand avenue school building, and further that the terminations of the line entering over that street be designated, and that such line be required to accept tickets and transfers from the city line.

The committee's report was also passed without action until later in the session. The proposition was again taken up again, when, at the request of attorney W. B. Richie, representing the street railway company, the solicitor reported the result of a conference with the property owners interested between Main and Elizabeth streets, on Grand avenue. Mr. Bentley stated that the four previously mentioned property owners were willing to withdraw their protest, providing the company would agree to pay their portion of the cost of paving the thoroughfare with brick, between the points named and would make such improvement at a width of 36 feet and at the time of the laying of the tracks. An agreement to this effect was prepared by the solicitor, and was signed by Mr. Richie and Mr. Bendure.

The chair stated further that an agreement had been made and signed by the company, making a similar provision with reference to the Grand avenue school property, and was on the clerk's table.

The report of the franchise committee was again taken up, and Mr. Richie said the franchise extension ordinance now provided for everything asked for by the franchise committee and property owners except the interchange of tickets and transfers between interurban and city companies. That proposition the company objected to, and the various reasons were defined by the attorney.

Mr. Rudy said concessions had been secured from the company and he was willing to concede the tickets and transfer proposition in accordance

with the wishes of the company. On motion by Dr. Bowser, this requirement was eliminated from the franchise committee's report and the report was then adopted. The franchise ordinance, as amended, was then read and was passed under suspended rules, all members voting yes. Resolutions to construct certain sidewalks on north Charles street, was given one reading. It met with opposition on the part of Messrs Hullinger and Napier, because of the street being not yet graded at the point in question.

Resolution accepting the improvement of the Jameson avenue paving, and the Cole street and Lakewood avenue curb and gutter improvement and awarding final estimates on same, was adopted.

Ordinance to grade and center-stone Bellefontaine avenue from the D. S. railroad to Calumet avenue, was read and was passed under a suspension of rules.

Ordinance accepting plat of W. C. Jacob's second addition to city, was passed.

Ordinance to regulate the operation of automobiles, requiring the use of alarm bells or squawks, limiting the speed to eight miles an hour, and providing a fine of from \$5 to \$100, was given its first reading.

START

Predicts a Good Season

For Y. M. C. A.

Institution Opens With Splendid Promise.

Prof. Zeller Will Assist Secretary Chase and Prof. Shepard.

Classes All Begin With an Increased Membership and the Institution Bids Fair to Grow in Numbers and Strength.

The Y. M. C. A. gymnasium started its classes off yesterday afternoon, and from now on there will be the regular routine work and drill. The business men's class lined up yesterday afternoon and during the hour's session thirty-two reported, a splendid average with several new faces. Many of the old members from last year and years beyond were there for the drill exercises and the opening of the gym is sufficient to awaken the interest which dies out to a certain degree during the warm summer months. Not a few of the old class have kept up the work during the entire year, and the benefit they obtained from physical exercises is plainly apparent. It is the purpose to increase the attendance as well as the membership and anyone who is eligible is cordially invited to present himself on any of the three afternoons, Monday, Wednesday and Friday.

All of the other classes are well filled, the night class, and the younger boys, and within the next few weeks there will be an awakening in basketball, giving every member a chance to get into this fascinating game. As for the parlor amusements, several new ideas have caught hold, and the committee has expended several hundred dollars for the purpose of providing amusement for those not engaged in gymnasium classes. Never in the history of the Y. M. C. A. were opportunities so ripe for all the good the institution offers.

If the beginning proves anything, this year promises to be a record breaker from all classes and the members are urged to give especial attention to the work, as it is the intention to put on an entertainment during the winter in Ohler hall, which will demonstrate that the Lima Y. M. C. A. has the material on hand to compete with athletes of any kind in northwestern Ohio.

The policemen begin their drill this afternoon at 2:30; the boys' class at 4:00; the intermediates at 6:45 and the seniors tonight at 8 o'clock.

Prof. Carl Zeller has accepted the assistant secretaryship for the season at least, and is interesting those who expect to attend the night school classes. He will give his attention, as usual, to the athletic department, and together with General Secretary Chase, will help to make the institution a success in all of its departments.

JEWS

Both Orthodox and Reformed, Are Observing

The 5,664th New Year's Holiday.

The Day Has No Special Historical Significance to Them

But Is One on Which They Examine Into and Meditate Upon Their Own Lives—Season of the Year Appropriate.

Today is the 5,664th Jewish New Year. The day has no historical significance, commemorating no historical event, and by those who have inquired into its origin it is thought that it had its foundation in the natural desire of civilized men to examine into and meditate upon their own lives.

This theory is said to be borne out by the ritual used in the day's services, which contains numerous passages reflecting upon life and death, upon sin and forgiveness. The 10 days following the New Year's day are also devoted to meditation and self-examination. The eleventh day is the most solemn of all Jewish holidays, the day of atonement, which for all Jews alike is a day of prayer and fasting. The faithful are supposed by prayer to secure pardon for sins committed against God, and to seek forgiveness from those among men whom they have injured.

The New Year's celebration lasts for two days among orthodox Jews. But one day is observed by the reformed Jews.

Dr. Grossmann, of Cincinnati, speaking of the significance of the day, expressed himself as follows:

"The subtle sense of religion has never chosen a more appropriate season for a helpful holiday than autumn. It is a time when people are disposed to indulge in somber reflections and to feel a strange sadness; nature seems as if it were dying and the delights of life such as we had in the sunshine all summer come to an end. It is curious that few religions have a festival in the autumn, but it is just this season that invites morose sentiments, and religion ought to come to the rescue of men to give them encouragement. Judaism seems to be the only one that has enough optimism in it to have a cheering word and thinks of giving a thoughtful and an uplifting interpretation to the dissolution of life that is going on around us."

"You will notice, and I believe statistics bear me out in the statement, that the despair in life is most frequent in winter, and it is therefore, then, that the offices of religion should minister, and to whisper a sustaining word to those who are tempted and bring to the heart of much-taxed men and women, the message of healthy, hopeful life. The Jewish New Year's day serves in this important matter, and it is the genius of our faith that has instituted it. A faith is true and universal by as much as it meets the real and natural needs of mankind."

TRACK NOTES.

Under New Name.

With the extension of the line from Delphos to Cloverdale, now approaching completion, making a link that will give the Findlay, Fort Wayne & Western direct connection with Cincinnati, the name of this division of the road will be changed to the Cincinnati, Findlay, Fort Wayne & Western, says the Ft. Wayne News. With the change will come improvements to the Fort Wayne division of the C. H. & D. making its service much better than it is now. Last year's passenger business with the C. H. & D. was the greatest in its history and that of this year will eclipse it. The system is making great additions to its equipment. Quite a number of new and elegant passenger coaches were added this week six going into service today. Eleven more are now being built. Some of these new cars

TWO Changes in Local Churches Are Provided

By M. E. Conference
Assignments.

Rev. M. M. Figley Transferred From This City to Van Wert.

Rev. G. W. Anderson Succeeded at Epworth Church by Rev. C. C. Kennedy—Trinity Church, Rev. J. M. Avana.

The conference of the Methodist church, closed at Findlay, last night, after a five days' session, and the proceedings of the last day were the most interesting and important of the entire session. The conference adopted a resolution protesting against the seating of Reed Smoot, of Utah, in the United States Senate. The report of the treasurer showed that the collections for all purposes in the last year were \$63,325, in increase of \$10,572 over the previous year.

The assignments which were not given out until last night, just before the closing of the session, provide for two changes in pastors in this city. Rev. M. M. Figley is transferred from Trinity church to the First M. E. church, at Van Wert, and is succeeded here by Rev. J. M. Avana. Rev. Geo. Wood Anderson, leaves the district, and is to be succeeded at Epworth church by Rev. C. C. Kennedy. Rev. W. J. Hagerman returns to Grace church. Rev. J. M. Mills returns as presiding elder and Rev. S. Baumgardner remains the conference evangelist, with headquarters in Lima.

The complete list of assignments for the Lima district is as follows: J. M. Mills, presiding elder, Lima. O. Allentown, K. L. Smith, Celina. P. H. Pope, Celina Circuit. A. H. Weaver, Convoy. A. E. Delenoy, Crideraville. A. M. Crist, Delphos. J. B. Ascham, Dixon. W. R. Burton, Elida. P. B. Cuppitt, Ft. Recovery. M. C. Wisely, Harrod, to be supplied. Kalida, E. L. Davis, Lima. Epworth, C. C. Shaw; Spencerville, William Hook; Spencerville Circuit, J. L. Hill; Van Wert, First, M. M. Figley; second, C. E. Davenport; Van Wert Circuit, F. L. Hook; West Cairo, W. W. Constlin; Willshire, J. B. Catts; Chalk, Stewart Baumgardner, conference evangelist.

TRIBUTE

Paid by Lady Maccabees to
Memory of Deceased.

The funeral of Mrs. Emma Wagoner, late of Bellefontaine avenue, was held from Epworth M. E. church, yesterday afternoon, and was largely attended. Members of the order of Ladies of the Maccabees attended the service in a body and provided a very beautiful floral offering, the deceased having been a member of their order.

The remains were consigned to a final resting place in Woodlawn cemetery.

CHINESE

Gong That Was Used in the
Forbidden City

Presented to the Local Masonic
Blue Lodges by J. D. S. Neely.
Taken During Seige.

The members of Lima Lodge No. 205, F. & A. M. and of Garrett Wyckoff Lodge No. 583, F. & A. M., the two local Masonic Blue Lodges, are proud of a gift that has been presented to those two lodges by J. D. S. Neely. The present is a Chinese gong that was taken out of one of the temples in the Forbidden City during the seige of Peking at the time of the Boxer uprising in China. Some of the Americans who were with the invading forces under Gen. Chafoe secured two of the gongs, and the second one has been presented to the Masonic lodge at St. Marys by J. D. S. Neely.

SEVERAL

Patients Result From Eating
Corned Beef.

The Wife and Mother of F. D.
Whitley and the Greys Are
Made Violently Ill.

That death still lurks in the can of corn beef was plainly demonstrated in Lima this week, but the attending physicians, three in number, are now prepared to announce the escape of several persons, who came dangerously near the brink.

Mrs. F. C. Whitley, of north McDowell street, and the family of R. T. Greys, of the same neighborhood, were the victims, but prompt medical attention brought them around, and although still suffering from the effects there is no possibility now of a fatality.

A portion of the canned meat which was partaken of by Mrs. Whitley and Mr. Whitley's mother, is being analyzed by Mr. Whitley, who is a graduate in chemistry, and the rest sent to his former professor, who will report the result of his investigation.

J. O. O. F.

All members of Shawnee degree staff are requested to meet in their hall, Wednesday evening, at 7:30 o'clock.

YOUNG SON

Of Mr. and Mrs. Wallace
Smith Claimed by Death.

Edgar Lawrence Smith, son of Mr. and Mrs. Wallace Smith, of 611 south Pine street, died at 5 o'clock last evening, death resulting from bowel trouble. The child was aged 13 months and 21 days, and had been ill only four days.

Funeral was held from the residence at 3 o'clock this afternoon, and interment was made in Woodlawn cemetery.

Owners of Several of the Fast
Runners Put Up a Stake
for the Race

And Its Up to the Jockeys Now to
Do the Work Which Will De-
cide the Question of
Supremacy.

Races are not over for the season, it seems, and two special events have been arranged, one of which took place this afternoon, and another is scheduled for tomorrow, both starting at 2:30. The two events call out four of the stars of last week's meeting, the match today being between Ruth Parks and Lady Lusk in a three-quarter heat race, and \$100 has been posted by the respective owners.

Tomorrow will bring Nina B. L. and Criss Cross to the post in a dash for three-quarters of a mile for the same amount of money, and to make the two events more interesting the best jockeys from the celebrated Newport track have been retained to do the riding.

Goodyear will ride Ruth Parks against Patton on Lady Lusk today, and tomorrow Tommy Stewart, the colored lad will try to bring Nina B. L. in ahead of Criss Cross with Jockey Neal up. There has been considerable money bet on the side, but if form counts for anything, Ruth Parks and Nina B. L. should prove the winners. This conclusion is not offered as a tip but is arrived at from records made by the contesting horses.

WM. OGG,

Well Known in Trenton Rock
Field, Is Dead.

A dispatch from Bakersfield, Cal., announces that Wm. Ogg, general superintendent for the Standard Oil Co., at that place, died Sunday night, from cerebral spinal meningitis.

Mr. Ogg was 52 years of age, and was well known throughout the North-western Ohio oil fields, having served the Ohio Oil Co., in an official capacity in the local fields for several years. His wife arrived at Bakersfield, from Findlay, a few hours after his death.

PRISONER

Pleads Not Guilty to Charge
of Stealing Brass.

Henry Lintz, of Kempton, was arrested last night by detective Osterider, of the C. & E., charged with stealing some brass from the railroad. The prisoner pleaded not guilty, and today, after a preliminary hearing, he was bound over to the grand jury. He could not furnish bail in the sum of \$500.

WAPAK

Celebrates, and, as Usual,
Draws a Crowd.

Emancipation day is being celebrated at Wapakoneta today and one of the prominent features is a base ball game between the Giants, of Lima, and the team selected from the Auglaize county town. A good attendance is reported from Lima, the C. H. & D. selling tickets to fifty passengers this morning in addition to those who went down on the Western Ohio.

Excursion to Muncie. On Sunday, Sept. 27th the L. E. & W. R. R. will run an excursion to Muncie, Ind. Special train to leave Lima at 7:30 a. m. Rate \$1.00. 94-tt

Attempted a Robbery.

Clever Work Done by Sergeant
Armstrong in Clearing Up a
Mysterious Case.

Walter Dunifon, aged 17, Clarence Gardner, 18 and William Otto, 16, are prisoners at the police station awaiting a session with Mayor Robb, in which they will be required to answer to a charge of attempting to rob the safe in Manager Ed. Maxwell's office at the Faurot opera house. Sunday morning Mr. Maxwell found some carpenter's tools in his office and found also that a revolver was missing and that an attempt had been made to open the safe which, at that time, contained considerable money. Sergeant Armstrong went to work on the case and upon arresting Dunifon found the missing revolver in his possession. Dunifon was placed in the "sweat-box" and there he confessed and implicated the other two boys in the plot.

THE IDLER.

Dorsey Croy, son of ex-policeman and Mrs. E. B. Croy, has just returned home with an honorable discharge from the Fourth regiment, infantry, United States Army. He received the discharge at Ft. Leavenworth, Kan., but before he was stationed at the barracks at that place, he made a circle around the earth. He left Lima three years ago, and on joining the army, was started from Columbus for the Philippines, going first to New York and then across the Atlantic to Gibraltar, and through the Suez canal. He served more than a year in the Orient and was then sent back to the states by way of Japan, Honolulu and San Francisco.

Mr. John M. Barnhart, representing the Apollo Piano Player, entertained an appreciative audience at the famous music store of Porter & Son, last night. Mr. Barnhart has to begin with a perfect mechanism to control, and he proved himself a thorough master of the instrument. Crescendo, diminuendo, rallentando, affettuoso, spiritoso, alla capella, maestoso, andante, allegro, all looked alike to him, each movement being brought out with the same accuracy, effect, and expression, as though human hands were striking the keys. Mr. Barnhart will be at the Porter store, again this evening.

Two Sidney bowling teams will come to Lima tomorrow to stack up against local talent at the Metropolitan alleys. The first game will take place at 7:30 in the evening.

J. R. Purcell, former yard engineer for the Detroit Southern at this point, but now with the crew at Napoleon, O., is spending the day with some of his old time Lima friends.

All ex-members of Co. C are requested to meet at the armory this evening together with the present members for the transaction of important business.

"Shorty" Ralston, the Lima lad who was taken carriage riding by Miss Alice Roosevelt, at Boston, while he was working there as a telegrapher at the international tennis tournament, has arrived here for a visit with relatives. "Shorty" was formerly a local messenger for the Postal Telegraph Co. as a telegrapher for the Northern Pacific in a northwestern city.

James Crall, a well known former Lima boy, who is now a practicing physician and surgeon of Cincinnati, is visiting old friends here.

Prof. W. S. Clark has sent out invitations announcing the opening of the dancing season at the armory, tomorrow evening.

PATIENTS

Taken From Lima to Toledo
Hospital.

Sheriff Barr left this afternoon to escort Elizabeth Smith and James Risk to the asylum at Toledo. Both have been held in await word from the Toledo authorities. Allen county has more than its quota at the institution, and it took several days, owing to the crowded condition, to make room for them. In the meantime, the sheriff and his family have had but little sleep on account of the ravings of the Smith woman, who is one of the most violent patients ever left in charge at the county jail.

THE BOYS' AND CHILDREN'S

CLOTHING STORE

"We're It" Our Boys' and Children's Clothing Department is an attractive place for the boys, and for parents as well. Boys like our clothes and like to be fitted out here. They talk it at home and among themselves at school. "Did you get your suit at Albrecht's?" is a question they often ask. We have the finest display of boys' and children's clothing in town. Single and double breasted suits for the larger boys. Two and three piece suits, blouses and Norfolks for the smaller fellows.

Bring the Boys Here for Clothes, for if There is Anything New We Will Have It.

HIS ELECTION WAS RECEIVED

With Cheers by Grand Lodge. Gen. Raney of Iowa Again Honored.

Baltimore, Md., Sept. 22.—The sovereign grand lodge of the Independent Order of Odd Fellows this morning unanimously elected General M. A. Raney, of Marengo, Iowa, commanding general of the Patriarchal Militant for a term of four years. General Raney was appointed commander to the militant branch of the order last year and his election was received with cheers by the patriarchs at the Fifth regiment armory and General Raney was compelled to make a speech.

The report of the committee on appeals was adopted this morning and many resolutions were introduced asking that the Grand Deputy of Chivalry be conferred on certain members of Cantons in good standing. Later a secret session was held.

The competitive prize drills of patriarch militant took place in the Fifth regiment armory.
